Dear Executor:

TRS has placed a stop payment on every check issued (but not cashed by the member) listed above; the check(s), as well as any payment due but not yet issued, will be paid to the estate.

In order for the estate to receive these funds, you will need to visit our website and file a claim. To start the process, please register as a claimant on our website at [www.trsnyc.org](http://www.trsnyc.org), using the following 12-digit claim code: XU UU3PB5DBG5. This claim code will expire on 01/12/2021.

Once you log in, you will be guided through the easy steps for filing your claim. **We urge you to file online so that TRS can receive your claim instantly and you can avoid spending time filling out lengthy paper forms.**

When you are online, you will learn what documents are needed to process your claim; these may include the following:

- An original death certificate, or certified copy
- An original Letter of Administration or Letter of Testamentary

In certain circumstances, an estate must be probated in order to claim a benefit. You will see information about probate when you log in to our website to file your claim. However, probate laws vary by state, so you should consult with an attorney and/or a tax advisor in your state for more details about the probate process.

Please be aware that the above payment(s) does not represent a death benefit and that TRS will send information about any death benefit payable in a separate letter to the deceased's designated beneficiaries.

If you require additional assistance, please contact our Member Services Center at 1 (888) 8-NYC-TRS.
